

TECHNICAL DATASHEET

rev. 00 of 2004/05/07

ACQUA BLU

code SO1360

TECHNICAL DATA *(based on room temperature of +23°C and 65% of relative air humidity)*

Appearance	colourless liquid
Viscosity	10" ± 2" Ford cup 4
Specific weight	1.00 ± 0.01
VOC	2%

DESCRIPTION

Demineralized water added with levelling and retarding agents to thin water-based varnishing products.

DIRECTIONS

For application by roller or brush:

Thin the varnishing product up to maximum 5%, then mix carefully until ACQUA BLU is totally incorporated.

For application by spray gun:

Thin the varnishing product up to maximum 50%, then mix carefully until ACQUA BLU is totally incorporated. It is advisable to carry on the thinning little by little, mixing every time the added quantity of ACQUA BLU.

NOTICE

- ACQUA BLU is not compatible with solvent-based products.

Protect from freezing!

Dispose of excess product and empty containers properly.

If the original unopened container is stored in a cool and dry place, the product will keep for at least 12 months.
