TECHNICAL DATASHEET

rev. 00 of 16/1/02

DERGOS

code SO8100

TECHNICAL DATA

(based on room temperature of +23°C and 65% of relative air humidity)

Appearance	white liquid
Viscosity	12" Ford cup 4
pH	10.0 ±1.0
Specific weight	0.99 Kg/litre
Dilution	5 : 1
Yield of diluted product	1000-2000 Sq ft/US gal

DESCRIPTION

Mixture of soaps and vegetable waxes in water. DERGOS is a detergent and protective especially developed for the normal cleaning and maintenance of oiled wood floors.

DIRECTIONS

Dilute DERGOS with 5-10 parts of water and wipe the floor with a soft floor-cloth or a mop soaked in the obtained solution and well wrung.

After drying, it is advisable to shine with a single-disc machine or a floor-polisher at low speed, using soft pads.

DO NOT RINSE THE FLOOR!

Important! As a general rule, wood floors should not be flooded with plenty of liquid, but wiped with well wrung clothes or mops.

Protect from freezing!

If the original unopened container is stored in a cool dry place, the product will keep for at least 12 months.

Obligation of manufacturer:

Technical datasheet and Safety datasheet are available for each Carver product. In case of products proved to be defective upon verification of manufacturer's persons in charge, manufacturer's only obligation shall be to replace such quantity of product proved to be defective or refund its purchase price. Neither the manufacturer nor its distributors shall be liable for any damage, loss or injury, direct or consequential, arising out of the use or the inability to use the product. The user shall ascertain the suitability of the product for the intended use. He is fully responsible for the correct application of the product in conformity with the local laws and regulations in force and undertakes all risk and liability connected therewith.
